New Email Addresses Introduced for NCDOR Employees

Email addresses for NCDOR employees have changed effective Tuesday, Aug. 2. The new addresses' domain name has changed from dornc.com to ncdor.gov. The first part of the email addresses has not changed.

To make the transition easier for taxpayers and others outside the agency, the old email addresses will continue to work for one year.

In addition to the email change, NCDOR employees who have agency mobile phones will be issued new phone numbers.

Tax preparers and other constituents are encouraged to update their contact information for NCDOR employee.
