Highlights of the CPE Rule Changes

The rewrite of 21 NCAC 08G, *Continuing Professional Education (CPE)*, streamlines the CPE rules and allows for new learning methods.

The amended rules were effective January 1, 2020, and first apply to CPE completed for the 2021-2022 license renewal.

Below are some highlights of the changes to the CPE rules.

- The Board now tracks CPE activities (formerly “courses”) in minutes instead of hours. A CPE hour is still 50 minutes; therefore, a licensee must complete 2,000 CPE minutes (40 hours x 50 min) to maintain licensure.
- Calculating CPE in minutes instead of hours allows licensees to claim credit for all CPE minutes taken instead of rounding time down for less than half-hour increments.
- The switch to minutes allows licensees to obtain CPE through new methods like Nano Learning (10 to 20-minute increments) and Blended Learning.
- CPE vendors will continue to report CPE credit in hours and

CPE Rules Effective January 1, 2020

Effective January 1, 2020, 21 NCAC 08G *Continuing Professional Education (CPE)* is amended as follows:

21 NCAC 08G .0401 CPE Requirements for CPAs

(a) In order for a CPA to receive credit for CPE activities:

- (1) the CPA shall attend or complete the activity and receive a certificate of completion as set forth in the Standards for CPE Program Sponsors in the NASBA/AICPA Statement on Standards for Continuing Professional Education (CPE) Programs, including subsequent amendments and editions, which are hereby incorporated by reference. Copies of the Standards for CPE Program Sponsors can be found at no cost on the NASBA website at www.nasbaregistry.org/the-standards;
- (2) the activity shall meet the requirements set out in Rule .0404 of this Section; and
- (3) the activity shall increase the professional competency of the CPA.

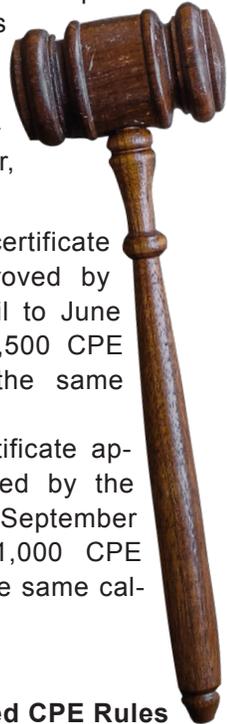

(b) An activity that increases the professional competency of a CPA shall be an activity in an area of the profession in which the CPA practices or is planning to practice, or in the area of professional ethics.

(c) Because of differences in the education and experience of CPAs, an activity may contribute to the professional competence of one CPA but not another. Each CPA shall therefore exercise judgment in se-

lecting activities for which CPE credit is claimed and choose only those that contribute to that CPA's professional competence.

(d) Active CPAs shall complete 2,000 CPE minutes computed in accordance with Rule .0409 of this Section by December 31 of each year, except as follows:

- (1) CPAs having certificate applications approved by the Board in April to June shall complete 1,500 CPE minutes during the same calendar year;
- (2) CPAs having certificate applications approved by the Board in July to September shall complete 1,000 CPE minutes during the same calendar year; or

5. Neither the Respondent nor the Respondent Firm shall offer or render services as a CPA or CPA firm, or otherwise trade upon or use the CPA title in this State either through CPA mobility provisions or substantial equivalency practice privileges or in any other manner, nor shall the Respondent or the Respondent Firm claim or attempt to use any practice privileges in any other state based upon the Respondent's inactive North Carolina certificate or the Respondent Firm's inactive CPA firm registration.

21 NCAC 08G .0404 Requirements for CPE Credit

(a) A CPA shall not be granted CPE credit for an activity unless the activity is in one of the fields of study listed in the NASBA Fields of Study, including subsequent amendments and editions, which are hereby incorporated by reference. Copies of the NASBA Fields of Study can be found at no cost on the NASBA website at www.nasbaregistry.org/the-standards.

and supplements that contain an examination to test the comprehension of the material read.

21 NCAC 08G .0406 Compliance with CPE Requirements

(a) All active CPAs shall file a reporting of CPE minutes by the July 1 renewal date of each year. The Board may audit information submitted by licensees who apply for a renewal license.

(b) If a CPA fails to complete the CPE requirements prior to the end of the previous calendar year but the CPA has completed them by June 30, the Board may:

- (1) issue a letter of warning for the first such failure within a five-calendar year period; and
- (2) deny the renewal of the CPA's certificate for a period of not less than 30 days and until the CPA meets the reinstatement requirements set forth in 21 NCAC 08J .0106 for the second such failure within a five-calendar year period.

21 NCAC 08G .0409 Computation of CPE Credits

(a) Group Activity. CPE credit for a group activity shall be given based on contact minutes.

(b) Completing a College Course. CPE credit for completing a college course in the college curriculum shall be granted based on converting the number of credit hours the college gives the CPA for completing the course into minutes. One semester hour of college credit shall be 750 CPE minutes. No CPE credit shall be given to a CPA who audits a college course. No more than 50 percent of the CPE credits required for a year

shall be credits for completing a college course.

(c) Self-Study Activity. CPE credit for a self-study activity shall be given based on the number of minutes needed to complete the activity as determined by the sponsor.

(d) Preparing or Presenting a CPE Activity. CPE credit for preparing or presenting a CPE activity for CPAs shall be given based on the number of minutes spent in preparing or presenting the activity. Preparing includes activities such as authoring or conducting a technical review. No more than 50 percent of the CPE credits required for a year shall be credits for preparing for or presenting CPE activities. CPE credit for preparing or presenting an activity shall be allowed only once a year for an activity prepared or presented more than once in the same year by the same CPA.

(e) Authoring a Publication. CPE credit for published articles and books shall be given based on the number of minutes the CPA spent writing the article or book. No more than 25 percent of a CPA's required CPE credits for a year shall be credits for published articles or books. An article written for a CPA's client or business newsletter shall not receive CPE credit.

(f) Instructing a College Course. CPE credit for instructing a college course above the level of accounting principles shall be given based on the number of credit hours the college gives a student for completing the course, using the calculation set forth in Paragraph (b) of this Rule. No more than 50 percent of the CPE credits required for a year shall be

credits for instructing a college course.

(g) Nano Learning Activity. CPE credit for Nano Learning, a tutorial activity without interaction with a real-time instructor that is designed to permit a participant to learn a given subject through electronic media including technology applications/processes, computer-based or web-based technology, shall be based on the number of contact minutes. Nano Learning is not a group program. This CPE activity shall be offered by a CPE sponsor registered with NASBA pursuant to Rule .0403(c) of this Section.

(h) Blended Learning Activity. A Blended Learning program offers participants learning in multiple formats or delivery methods. Activities can include lectures, discussion, guided practice, games, case studies, and simulation. The varied delivery methods include Group Live, Group Internet Based, Self Study, or Nano Learning. The primary component of the program may be concurrent (a group program) or non-concurrent, allowing the participant to control a portion of the time and place of the learning. CPE credit for Blended Learning shall be based on the number of contact minutes incorporated in all the learning formats in the Blended Learning activity. This CPE activity shall be offered by a CPE sponsor registered with NASBA pursuant to Rule .0403(c) of this Section.

(i) No more than 50 percent of the CPE credits required for a year shall be credits claimed under Paragraphs (b), (d), and (f) of this Rule.

fractional hours (i.e., 1.2 hours = 60 minutes). The Board will provide licensees with a format that converts the total CPE hours into the required minute reporting format.

- The annual ethics requirement has been reduced from two hours (100 minutes) to “a minimum of 50 CPE minutes annually in activities on regulatory or behavioral professional ethics and conduct.”

A licensee may take an ethics class longer than 50 minutes; however, only 50 minutes will count toward the annual ethics requirement. Any excess time will count towards the annual 2,000 CPE minute requirement.

- The ethics requirement is effective with the 2020 calendar year. As such, it impacts the April 1 – June 30, 2021, license renewal period for a 2021-2022 CPA license.

If a licensee did not complete the required ethics CPE in 2019 and completes the hours during the grace period (Jan. 1-June 30, 2020), the licensee must complete two hours (100 minutes) of ethics CPE.

- The new CPE rules adopt by reference the NASBA/AICPA Statement on Standards for Continuing Professional Education (CPE) Programs. Adopting the Standards by reference allows the Board to incorporate changes in the Standards into the Board’s rules without going through the rule-making process.

Licensees may submit specific questions about the CPE rule changes to the Board using the email address **communications@nccpaboard.gov** with the subject line “Amended CPE Rules.”

In the coming months, the Board will publish answers to the most common questions about the amended CPE rules.

Amended Rule Allows for Continuous Exam Testing

The Board has amended 21 NCAC 08F .0105, *Conditioning Requirements* to **allow for continuous testing.**

Continuous testing eliminates test window limitations and allows an Exam candidate to retake a test section once the candidate’s grade for any previous attempt of the same test section has been released. **(Continuous testing may be available as early as July 2020.)**

21 NCAC 08F .0105, Conditioning Requirements

(a) Passing Grades. A candidate shall pass all sections of the examination with a grade of 75 or higher on each section.

(b) Military Service. A candidate who is on active military service shall not have the time on active military service counted against Subparagraph (c)(1) of this Rule unless the candidate applies to

take the examination during the active military service, in which case each month a candidate sits shall be counted toward Subparagraph (c)(1) of this Rule.

(c) A candidate is subject to the following conditioning requirements:

- (1) a candidate shall obtain a passing grade on all sections of the examination within an 18-month period;
- (2) a candidate may sit for any section of the examination individually;
- (3) a candidate may retake the same section of the examination as many times during a one-year period as determined by the examination vendor(s); and
- (4) credit awarded by the Board for passage of a section of the examination is valid for an 18-month period beginning on the date the section is taken.
